Miss Blanche A. Smith, Librarian
State Traveling Library
State Historical Building
Des Moines, Iowa

Dear Miss Smith:

Enclosed is our report for the year 1951 - your form report and and my original effort. We've still a long, long way to go, but we are on the way, I think.

Something very encouraging, I believe, is going on up in Cedar county. Today, I had my second inquiry (two different sources) about what could be done to get this type of library service in Cedar County. The one today was particularly encouraging, for it came from a resident of one of the little towns who admits that the kind of library they have there supported by the women's clubs is inadequate!

Does the T.L. have anything which would be helpful to a German D.P. in learning English by himself - by that I mean without attending classes. I've combed the D.P.L. and find only stuff which really needs quite a lot of help for the person involved. What we need, I'd say is something on the order of the RAINBOW DICTIONARY with the German word as well as the English. Why don't you write one?

Sincerely,

Elizabeth B. Hage
Librarian
